

marantz®

Programmable
System Controllers

More Control!

Marantz Programmable System Controllers give you complete control over every function in your AV or Hi-Fi Home Entertainment system. The finest of adjustments can be made in an instant, with an intuitive interface that means you can control your audio visual enjoyment from anywhere in your home.

Quickly and easily programmed – even via your PC – Marantz remote controls are the perfect partner for your home system.

RC-9500

PROGRAMMABLE TOUCH SCREEN SYSTEM CONTROLLER

- Large colour touch screen LCD display with 64K colours
- 16 Mb non-volatile memory
- IR/RF transmission capability (RF with optional RX-77 RF extender unit)
- 100% editable screen
- Direct access hardbuttons and cursor control
- Macro programming possibility under any button
- Device and page menu
- Clock and date indication with clock timer
- Transparent graphics and blending possibility
- Dedicated edit software (Wizz.it 9)
- PCF file format with CCF conversion possibility (via Wizz.it 9)
- USB communication port for PC connectivity

RX-77

RF EXTENDER

- Automatic RF to IR conversion with RC-5400 and RC-9500
- IR flood via multiple sending eyes and 4 flasher outputs
- Four flasher cables with twin IR emitters
- Selectable ID and channel combinations
- Approximately 30 metres
- RF operating distance (open air)
- Wall fixing possibility
- Power adapter included

RC-5400

PROGRAMMABLE TOUCH SCREEN SYSTEM CONTROLLER

- Large monochrome touch screen LCD display with 16 greyscale levels
- 8 Mb non-volatile memory
- IR/RF transmission capability (RF with optional RX-77 RF extender unit)
- Programmable direct access hardbuttons and cursor control
- Macro programming possibility under any button
- Device and page menu
- 100% Editable screen
- Dedicated edit software (Wizz.it)
- Clock and date indication
- Transparent graphics for easy background integration
- PCF file format with CCF conversion possibility (via Wizz.it)
- USB communication port for PC connectivity

RC-3200

PROGRAMMABLE TOUCH SCREEN SYSTEM CONTROLLER

- Monochrome touch screen LCD display with 4 greyscale levels
- 1 Mb non-volatile memory
- Two-way IR communication with Marantz SR-9300 and SR-12S1
- Programmable direct access hard buttons and cursor control
- Macro function with a large command capacity
- Large editable screen area
- Dedicated edit software (RC-3200 Setup)
- Clock and date indication
- Pre-programmed with Marantz IR codes
- NCF file format
- RS232c communication port for PC connectivity
- Back lighting and beep function

RC-1400

UNIVERSAL LEARNING SYSTEM CONTROLLER

- LCD read out display
- Multiple display pages and functions with editable labels
- Programmable direct access hard buttons and cursor control
- Macro functionality with a large command capacity
- Clock and timer function
- Ergonomic design
- IR carries frequency from 14 kHz up to 70 kHz
- Blue EL back lighting for LCD and hard buttons
- Pre-programmed with Marantz IR codes
- Build-in universal IR code database
- Clone possibility
